

Examination number: Y1466227

Level 3 Tests

Test 1:

1. Add two topics of duration 500 minutes using the topic entry fields on the left.
2. Generate a study plan by clicking on the “generate study plan” button.

Test 2:

1. Add a 90-minute duration event of type “Other” to the study planner with a start time of 10:00 tomorrow morning.
2. Add another event 5 days from now of type “Exam”, with duration 120 minutes, and start time 9:00am.
3. Set this event as a target for one of the topics by clicking the topic in the topic list, and the event in the event list, and then clicking the “set topic target” button.
4. Generate a new study plan.

Test 3:

1. Click on the “save” button and enter a filename ending with “.txt”, then click okay.
2. Close the program using the “exit program” button, and then clicking “yes” when prompted.
3. Restart the program and click on the “load” button, entering the same filename you entered previously when prompted.
